Year-End Steps-to-Success Checklist

Revised July 2019

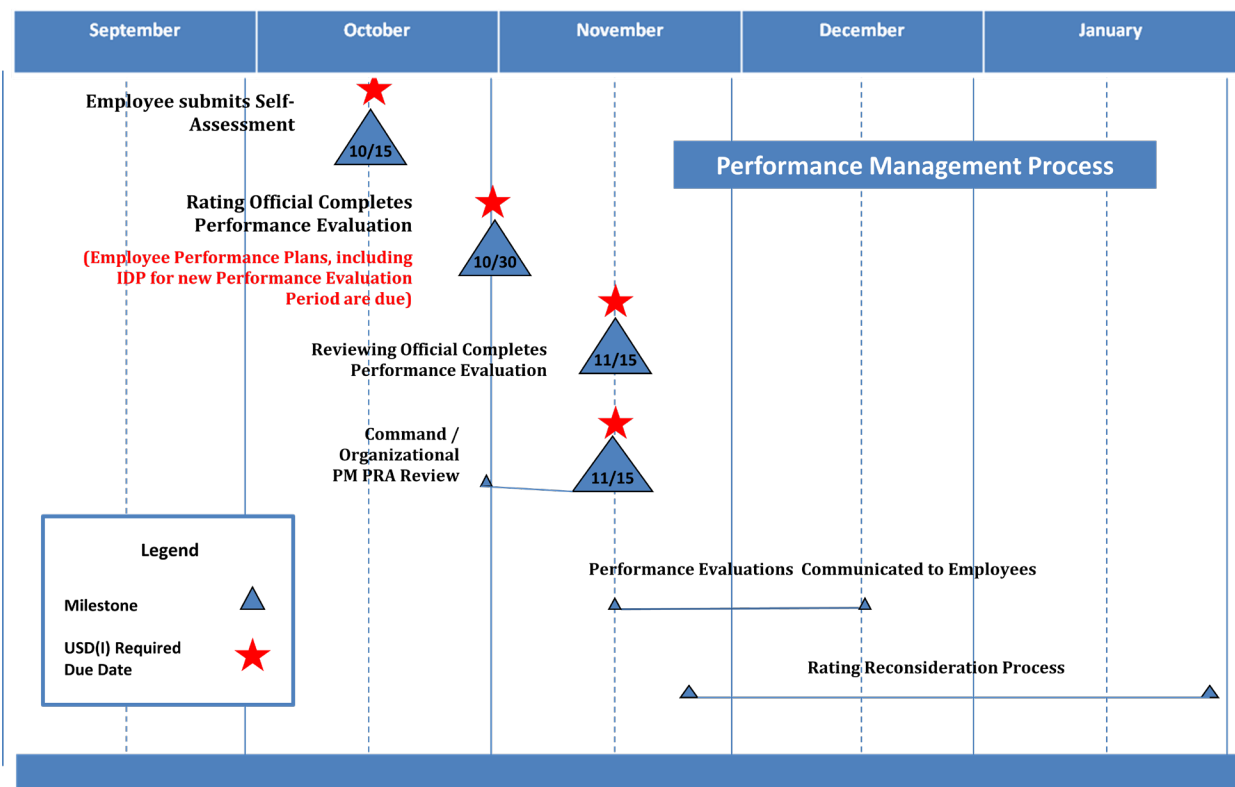

DCIPS Year-End Steps-to-Success Checklist

There are two distinctly separate processes to the year-end process – the Performance Management (PM) process and the Performance-Based Compensation (the convening of pay pools to determine performance-based bonuses and base-pay increase monetary awards) process.

Processes

Performance-Based Compensation calendar will be issued separately.

Phases

Each year-end process has five distinct phases: prepare, execute, review, verify and report.

The DCIPS Year-End Checklist is designed to assist you in tracking required actions during each of the different phases of the processes. Each phase is further broken down to three general categories: general, performance-management specific or performance-based compensation program specific actions. The checklists highlight each of these categories within each phase.

Refer to the *DCIPS Managing Pay Pool IDs In DCPDS*, the *Year-End Performance Evaluation Guide*, the *Performance-Based Bonus Program Technical Guide* or pertinent policies for more detailed information (<http://g2-public-website.azurewebsites.us/site/dcips/LC-ER%202011.aspx>).

Guidance pertinent to various portions of this checklist will be issued as processes used during the year are refined and confirmed.

Actions for Phase 1: Prepare			
General Preparation			
	Action	Reference (if applicable)	Timing
<input type="checkbox"/>	Identify Pay Pool Data Administrators (Command, Sub Command, Organizational Levels)		July
<input type="checkbox"/>	Complete appointment letters and non-disclosure agreements for Pay Pool Data Administrators		July
